Disclaimer

Professional Pathway commencing from the KCB Certificate to the KCB Higher Diploma has not been accredited by the Brunei Darussalam National Accreditation Council.

However, please be informed that the Professional Qualifications are internationally recognised as one of the oldest and most respected bodies in the specialized world. Upon completion of the courses the students will be able to work in the private sectors for small and medium sized businesses and the subjects are designed to give students the essential knowledge required.

The Diploma stage would be appropriate for someone looking to start their own business followed by the second and third stage for those who want to expand their business or would like to work for an established larger organisation.

In addition, holders of the KCB Higher Diploma can gain entry into the final year of a BA in Business Studies or Marketing or Business Information Management which reduces the time and the cost obtaining a BA Degree. After the BA students can then proceed to a Masters Degree in Business Administration (MBA or MSC) which is regarded by many as the best qualification for a senior management position.

Kensington College of Business is a Partner college of the University of Glamorgan, which means we have been accredited to run the University of Glamorgan course. The students at KCB are considered a University of Glamorgan student and will get a university qualification upon completion.

Note all students will become students of the LCB College. Fees quoted are for tuition only and do not include exam fees. Students, who apply for the degree, if they are eligible, receive an offer letter. In the offer letter you will be invited to send your acceptance with a deposit, and then we will send you Registration letter. Fees are strictly non-refundable.
